Sir:

This paper is submitted in response to the Restriction Requirement of March 2, 2007. In the Restriction Requirement, the Examiner requires Applicants to elect a single invention for prosecution on the merits from one of two patentably distinct inventions. The Examiner contends that these two patentably distinct inventions are those of:

Group I: Claims 1-13, drawn to a method of separating; and

Group II: Claim 14, drawn to an apparatus.

Applicants hereby elect Group I, as set forth in claims 1-13, with traverse. However, Applicants respectfully request that the restriction requirement be reconsidered as it is not shown

in the Office Action that a serious burden would be required to examine all of the pending claims of Inventions I and II in the this application. Specifically, M.P.E.P § 803 provides:

If the search and examination of an application can be made without serious burden, the Examiner *must* examine it on the merits, even though it includes claims to distinct or independent inventions. (*Emphasis supplied.*)

Thus, for a restriction requirement to be proper, the following two criteria must be satisfied: (1) the existence of independent and distinct inventions (35 U.S.C. § 121); and (2) that the search and examination of the entire application cannot be made without serious burden in the matter. *See* M.P.E.P § 803.

The Office Action has not shown that the second requirement has been met. Specifically, it has not been shown that it would be a serious burden to search and examine all of the claims of Groups I and II together. Consequently, reconsideration and modification or withdrawal of the restriction requirement is respectfully requested.

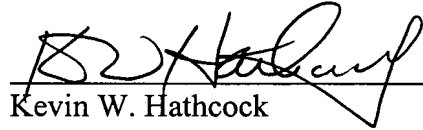

Should the Examiner have any questions regarding this response, the Examiner is courteously invited to contact the undersigned at the telephone number and address listed below.

No fee is believed due with this paper; however, the Commissioner is hereby authorized to charge any additional fees which may be required, or credit any overpayment to Deposit Account No. 14-0629.
